

There's nothing more important to the growth of your business than healthy, productive employees. We understand the critical need to maintain a clean, safe environment that fosters their health and safety.

Healthy buildings lead to healthy, productive employees—which has a direct, positive effect on your bottom line. Knowing your building and employees are clean and safe gives you the peace of mind to concentrate on running your business.

At Pegasus, we understand the critical need to maintain an environment that fosters their health and safety. Since 1969, we have provided commercial cleaning solutions to meet this need in office buildings, industrial environments, manufacturing facilities and critical environments of all types.

Our commercial janitorial services include:

- » Nightly janitorial service
- » Carpet cleaning
- » Window washing
- » Parking lot sweeping
- » Upholstery cleaning
- » Cubicle panel cleaning
- » Recycling program
- » Kitchen and hood cleaning
- » Day porter services
- » Floor care

Our skilled janitorial and hygiene staff uses green products and cleaning practices such as:

- » Hospital-grade HEPA filtration vacuuming
- » SmartColor™ microfiber dusting and mopping
- » Sanitary dual-compartment mopping systems
- » Green Seal certified chemicals

As part of the Pegasus Promise, we provide customers with peace of mind—knowing our team of trained supervisory staff and quality control personnel can build a cleaning program designed for your building's specific needs.

We work to mitigate unsafe working conditions to improve employee retention, productivity and your bottom line.
